Table S1 Affiliation of Occupational Groups to Occupational Segments and Occupational Sectors.

Occupational sector	Occupational segment	Main occupational groups
Production of goods	Agriculture, forestry and horticulture	Agricultural, Animal Care, and Forestry Occupations
		Horticultural and Floristry Professions
	Building and interior construction	Building Planning, Architecture, and Surveying Professions
		Civil Engineering Professions (Building and Structural Construction)
		Interior and Building Finishing Professions
		Building and Supply Engineering Professions
	Occupations concerned with production technology	Mechanical and Vehicle Engineering Professions
		Mechatronik-, Energie- und Elektroberufe
		Technical Research, Development, Design, and Production Control Professions
	Manufacturing	Raw Material Extraction and Processing, Glass and Ceramics Manufacturing and Processing
		Plastics Manufacturing and Processing, Woodworking and Wood Processing
		Paper and Printing Professions, Technical Media Design
		Metal Production and Processing, Metal Construction Professions
		Textile and Leather Professions
		Product Design and Craft Professions, Fine Arts, Musical Instrument Making
Personal Services	Food industry, gastronomy and tourism	Food Production and Processing Professions
		Tourism, Hotel, and Restaurant Professions
	Service in social sector and cultural work	Education, Social and Domestic Professions, Theology
		Teaching and Training Professions

		Language, Literature, Humanities, Social and Economic Sciences Professions
		Performing and Entertaining Professions
	Medical and non-medical healthcare	Medical and Health Professions
		Non-Medical Health, Personal Care, and Wellness Professions, Medical Technology
Business administration and related services	Commerce and trade	Purchasing, Sales, and Trade Professions
		Sales Professions
	Business related service occupations	Professions in Financial Services, Accounting, and Tax Consulting
		Professions in Law and Administration
		Advertising, Marketing, Commercial, and Editorial Media Professions
	Business management and organization	Professions in Business Management and Organization
Service in the IT-sector and the natural sciences	Service in the IT-sector and the natural sciences	Mathematics, Biology, Chemistry, and Physics Professions
		Geology, Geography, and Environmental Protection Professions
		Information Technology (IT), Information, and Communication Technology Professions
Other commercial services	Safety and security occupations	Protection, Security, and Surveillance Professions
		Members of the Regular Armed Forces
	Occupations in traffic and logistics	Transport and Logistics Professions (excluding Vehicle Operation)
		Operators of Vehicles and Transport Equipment
	Cleaning services	Cleaning Professions
