

PPTOX - International conference on developmental toxicity and fetal programming

20-24 May 2007, Tórshavn (Faroe Islands)

This international conference emphasizes (i) the developmental perspective (ie, the risks during different developmental stages) from preconception to adolescence, (ii) the environmental perspective (ie, the impacts of different environmental hazards), and (iii) the disease perspective (ie, the long-term health implications). The conference will take place in Tórshavn in the Faroe Islands. The abstract deadline is 31 January, 2007. For further information, please visit <http://www.pptox.dk>.
